### Financial Summary

The financial summary below provides details of the amount of money, which is required to fund the sport to achieve the outcomes and targets shown throughout the Plan. The summary includes details of funding obtained from the sport, from external partners and existing Sport England grants from Lottery. These sums leave a deficit for which funding from ASA / South East Region is requested to ensure that Swimming can deliver its targets which in turn will enable the sport to achieve the targets set by the Government.

### Conclusion

The next three years will be extremely challenging for the Hampshire County ASA, as well as for the agencies that we are seeking to work with in the delivery of this Plan. The targets we have set ourselves are demanding but achievable, given the right level of resources, support and encouragement.

We are confident that by 2009 we will have maximised investment. Our achievements will have made a massive contribution to the future success of the sport and to the fulfilment of ASA's / South East Region's own targets.
