

OXON & NORTH BUCKS COUNTIES ASA REGISTERED SWIMMING OFFICIALS 2006

A full record of Swimming Officials in Oxon & North Bucks Counties (and their qualifications) is maintained by and is available upon request from the Hon: Officials Sec:
The most recent list available from the ASA Registration Dept: is dated July 3rd 2006
The records identify Registered Technical Officials eligible to officiate at National, Regional, County and Licensed Open Meets.

Some Counties maintain two lists ...

- a) Qualified Officials – that is Registered Officials – people who have passed the relevant examinations
- b) None Qualified Officials – that is Non Registered Officials – people who have not passed the relevant examinations but who are willing to officiate at club gala's etc. Sometimes called a County List.

Oxon & North Bucks maintains only one list – Qualified Registered Officials

Officials for the different Licensing Levels – extracted from ASA Handbook 2006

Level 1 – Intended for National Qualifiers - All officials must be registered for the duty in which they are used.

Level 2 – Intended for Regional Qualifiers – All officials must be registered for the duty in which they are used, with the exception of Referee. At least one official acting as Referee must be a qualified Referee. (Swimmers who achieve a National Qualifying Time at a Level 2 meet may use that time for entry into National Championships)

Level 3 – Intended for County Qualifiers – All officials must be registered, with the minimum qualification of Judge being held by the official acting as Referee.

Level 4 – All officials must be registered, with the minimum qualification of Judge being held by the official acting as Referee.

Electronic timing must be used for Meets at Level 1 – 2 - 3

National – Regional – County Championships are deemed as Level 1 Competition

The above is the minimum requirement regarding officials but promoters' are advised to field the most qualified team of officials possible, in fairness to the swimmers'.
